## PRESS RELEASE

May 16, 2018

On Wednesday May 16, 2018, Texas Migrant Council dba Teaching and Mentoring Communities, received notice that the agency will undergo an Emergency Suspension of Federal Assistance.

There are still several questions that remain unanswered, but we are doing our best to gather those from the Office of Head Start. TMC is working cooperatively alongside the Office of Head Start for a smooth transition of services to an interim grantee until a permanent grantee is identified and awarded the grant.

TMC will do everything possible to ensure that services to children and families are executed without interruption. Our commitment to quality programming and services has not changed.

Additionally, we would like to assist our staff in locating resources and transitioning during this difficult time. We appreciate all of their hard work and dedication.

Thank you.

TMC Board of Directors

*Dan Liskai*
